The Honorable Glenn A. Fine
Acting Inspector General
Office of Inspector General
U.S. Department of Defense
Alexandria, VA 22350

Dear Mr. Fine:

I am writing regarding Captain Brett Crozier, a native of my District, who has demonstrated an unwavering commitment to the health, safety, and wellbeing of the sailors of the USS Theodore Roosevelt. Captain Crozier acted in the best interest of his crew. I am deeply concerned that his dismissal was decided before the completion of a thorough investigation.

I've read Captain Crozier's letter that appeared in the San Francisco Chronicle on Tuesday, March 31. The letter does not convey the unsubstantiated concerns of an alarmist. The sailors aboard the USS Theodore Roosevelt faced an unprecedented health crisis and Captain Crozier plainly set forth common sense recommendations to ensure the safety of his crew and maintain its capacity to execute the national security mission in a region with complex threats. These recommendations clearly adhere to the guidelines issued by the Center for Disease Control to treat, contain, and prevent the spread of COVID-19. In addition, Captain Crozier's actions align with Secretary of Defense Esper's guidance that protecting people is the top priority. In remarks from March 24, Secretary Esper urged his commanders and senior enlisted personnel to "do the right thing, particular to your unit" to "protect your people, while at the same time maintaining mission readiness."

Captain Crozier prioritized the greatest asset of the Department of Defense – the women and men of the Armed Forces. I urge the Office of Inspector General for the U.S. Department of Defense to conduct a thorough investigation into the circumstances surrounding the dismissal of Captain Crozier. Firing the messenger who raised the alarm shows a worrisome lack of judgment. Captain Crozier and the sailors of the USS Theodore Roosevelt deserve better.

Sincerely,

A handwritten signature in blue ink that reads "Mike Thompson".
